

Shearing Survey:Please provide this information by **April 19, 2019**

Georgia Sheep members have access to an experienced shearer. His fees are reasonable, and his quality is excellent. Dr. Tom Huber (706-769-6721 or 706-614-0826) helps coordinate the shearer and Georgia Sheep members' schedule.

The shearer works in multiple states; we cannot guarantee a shearing date.

SHEARING NOTES: Pen up your sheep prior to the shearer's arrival. If rain is forecast, pen them up before the rain starts. For the sheep's safety and comfort, feed them AFTER shearing is complete. The shearer will call when in your area. If calls are not answered or returned promptly, the shearer will move to the next area for shearing. Questions about shearing set-up (electricity, wool bags, etc.)? Contact Dr. Tom Huber.
